ShieldQ

ISO 27001 CERTIFICATION EUROPE™

PCi Security Standards Council ™

Are you struggling to meet IATA's PCI DSS compliance requirements?

Get ShieldQ, for affordable, instant compliance

If you use lodge cards or other payment methods to secure hotel bookings that don't match your clients' IDs, there's a strong chance you're storing payment card data and passport data unsecurely.

You'll be breaching IATA's new ruling, requiring members to be PCI DSS compliant – and likely failing to meet GDPR requirements.

Become PCI DSS compliant instantly, with ShieldQ. This cloud-based, multi-channel document management and storage platform receives documents into a secure, unified environment.

ShieldQ data protection:

✔ PCI DSS Level 1-accredited/ ISO 27001-certified data management/storage

✔ Affordable, cloud-based; sets up in minutes

Secure your data, secure your business
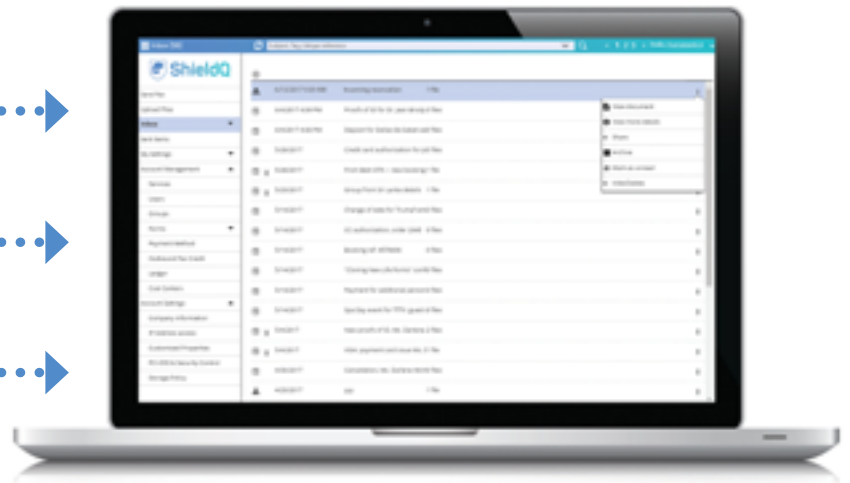

ShieldQ for travel agents: what's in it for you?

✔ Retain your IATA standing with the affordable way to become PCI DSS compliant

✔ Get proof of compliance from our AoC; ShieldQ assumes legal responsibility for data security

✔ Make sure customer data is always secure from breaches

✔ **Simplify management:** share, retrieve documents in seconds, from one, unified queue

✔ **Set up in minutes:** no IT, no software needed

✔ **Free storage:** for the first 12 months. Store for longer, at low rates

...and reassurance that you have the only PCI DSS level 1-accredited, HIPAA-compliant multi-channel document management and storage service that's accredited by a Qualified Security Assessor.

Key features of ShieldQ

PCI DSS Level 1-accredited, ISO 27001-certified, HIPAA-compliant

**To keep your company out of breach reach**

▶ Independently accredited by a QSA

▶ GDPR compatible

▶ ShieldQ assumes legal responsibility for data security

Secure storage for safeguarding guest data

▶ IP address restriction

▶ Controlled access
